

# Leaving Darkness

By Glenn Currier

The sleepy darkness  
I will leave behind  
with shadow dreams  
of my hidden mind.

I rise from my nakedness  
(to) clothe myself in light  
(and) bring a petal of smile  
a morsel of care into sight.

I want to see through glasses  
shaded with grace  
and make you present  
in every place.
