

Loch Lomond

By Glenn Currier

Listening to some lovely piano music
I am transported into another realm
my eyes misty with gratitude and appreciation.
What is it about good art
that punctures my heart
and pours into it wonder and light?
When I encounter it I know
I am but a dot,
insignificant in a beautiful universe,
yet I know I belong.

Author's Note: Inspired by "Loch Lomond " piano music of Rick Sparks.
