

Happy Birthday Virginia

By Glenn Currier

Virginia, how wondrous is she
trekked the world joyous and free
traveled our hearts to our delight
her eyes and her soul so bright
they make us glad we have a chance
to waltz with her in life's dance.

We're really so very glad
that God, her mom and her dad
made her into this fine creation
for this lovely life's duration.
So happy happy birthday to you
peace and blessings the whole year through.
