

# Good Conversation, No Romance (Dodoitsu)

By Glenn Currier

So cute with her turned up nose  
hair styled perky with turned up twists  
perfume aroused eros  
but without one kiss

*Author's Note: This is my first attempt at this new (to me) poetic form.*

*What is a Dodoitsu? A lot of Dodoitsu poetry focuses on love, humor or the unexpected, though there are many Dodoitsu poems that also look at nature and beauty. It has 26 syllables: 7 in the first, second and third lines, and 5 in the last line. (7/7/7/5).*
