

God's Gift

By Glenn Currier

She's known for her implike smile
as if she's played a little trick
or hoodwinked a crocodile
or got your cash with arithmetic.

She is tall and very smart
she's generous and funny too
but don't try to sell her short
for she'll definitely catch you.

Love of family and her white dog,
integrity and faith are values she treasures
she'll give an afternoon to you in dialogue
and not count the minutes or measure.

Conscientious hard work and reliable
are marks of this woman strong
they are her virtues undeniable
but... she'll tell you when you're wrong.

Dedication to thrift and saving
have made her successful and secure
not prone to run out and get what she's craving
she's a person who's steady and mature.

In conversation she's funny and lively
friendly and good at sizing you up
even-tempered but feisty
ready to feed you and fill your cup.

She is a woman of reason,
understands people and their quirks
available in our every season
not easily offended or hurt.

We love how she gives us a lift
and we're grateful for all the years.
You know, "Dorothy" means God's gift
And for this gift we raise our voices in shouts and cheers.
